- DOOR HISTORY
- ALERTS & NOTIFICATIONS

Requires Zimi Cloud Connect and Wi-Fi Internet connection. Apple Home requires Zimi Matter Connect. Read the data sheet for system requirements.

Just plug it in.

E-Door Connect simply plugs into a compatible door motor. Setup is quick and simple.

Data sheet. Scan code to view compatible door motors, product features and system requirements.

Anywhere. Anytime.
Use your voice, watch, & phone.

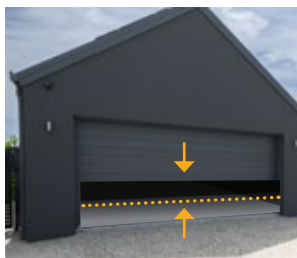

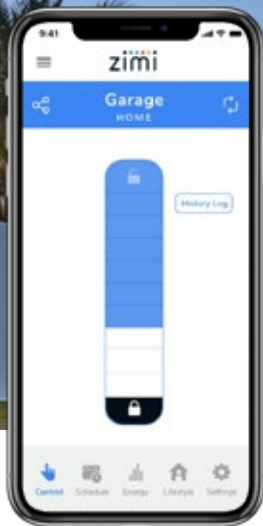

Convenience and safety at your fingertips.

Experience the latest garage door technology in your home.

simply safer

The exact door position lets you keep an eye on things at home.

Compatible with Photo Electric Beams for everyone's safety.

Operate the door from the comfort of your office.

Always know with notifications whatever you're doing.

Important: For your safety and the safety of others, we strongly recommend the use of a Photo Electric Beam with your E-Door Connect. A Photo Electric Beam is designed to detect an obstruction while the door

Did you forget to close the door?

No need to worry.

Share access with family and friends.

Easier than sharing keys.

Accept a delivery every time.

Open the door remotely.

Link your door with lighting.

Works with smarter switches.

closes and sends a signal to the opener to reverse or stop the door movement. If you do not already have Photo Electric Beams installed, please contact your local Steel-Line branch for a quotation to have them installed.
